## A

Abboud CF, 108  
Abdominal wall, treatment of defects of anterior, in newborns, 797  
Abscess, splenic—importance of early diagnosis, 261  
Abuse, corticosteroid—an unusual manifestation of drug dependence, 764  
Accuracy and limitations of intravenous digital subtraction angiography in evaluation of atherosclerotic cerebrovascular disease; angiographic and surgical correlation, 735  
Acidosis, renal tubular; new look at treatment of musculoskeletal and renal disease, 354  
Acne, treatment of cystic, with 13-cis-retinoic acid, 509  
Acoustic neurinoma, clinical findings in patients with, 721  
Acute renal failure treated by slow continuous ultrafiltration; preliminary report, 729  
Acute toxicity after excessive ingestion of colchicine, 528  
Adenocarcinoma: oncologic treatment of pancreatic cancer, 47  
Adenoma in patient with persistent hyperparathyroidism, high-resolution ultrasound-guided percutaneous needle biopsy and intraoperative ultrasonography of cervical parathyroid, 497  
Adenomas, transphenoidal microsurgical treatment of prolactin-producing pituitary; results in 100 patients, 108  
Advances in diagnosis of leukemia; editorial, 774  
Affinity chromatography, glycosylated hemoglobin measurement by, 770  
Agnogenic myeloid metaplasia and malignant lymphoma, concomitant myelofibrosis with, 617  
Ahern CP, 758  
Airway obstruction: due to inhalation of ammonia, 389  
neodymium-YAG laser therapy of malignant; preliminary report, 35  
upper, and disordered nocturnal breathing in children, 349  
Alveolar microthorax, pulmonary; review including ultrastructural and pulmonary function studies, 290  
Alveolar spaces: interstitial lung disease; assessment by bronchoalveolar lavage, 751  
Ambulatory peritoneal dialysis, continuous; three years' experience at Mayo Clinic, 633  
Amyloidosis (AL); clinical and laboratory features in 229 cases, 665  
Anderson CF, 633  
Anemia, test for pernicious: "Schilling test," 541  
serum intrinsic factor blocking antibody, 203  
serum vitamin B<sub>12</sub> assay, 135  
Anesthetics, responses of skeletal muscles to general, malignant hyperthermia, 758

Angina pectoris, pathophysiology of—historical perspective; symptoms, signs, signals, and shadows, 394  
Angioplasty, balloon: in multivessel coronary artery disease, 563  
in multivessel coronary artery disease; editorial, 624  
Angiotensin-converting enzyme activity in differential diagnosis of hypercalcemia, predictive value of serum, 447  
Ankylosing spondylitis, peripheral arthritis in; review of 209 patients followed up for more than 20 years, 593  
Antiarrhythmic drugs: disopyramide-associated liver dysfunction, 265  
Antigens, immune-response gene-associated (Ia/DR); structure and function in immunologically related diseases, 457  
Antihypertensive therapy and survival of patients with atherosclerotic heart disease; editorial, 275  
Antimicrobial agents, symposium on: aminoglycosides; streptomycin, kanamycin, gentamicin, tobramycin, amikacin, netilmicin, sisomicin, 99  
antibiotic therapy for severe infections in infants and children, 158  
antifungal agents used for deep-seated mycotic infections, 223  
antimicrobial agents in patients with renal insufficiency, 246  
antimicrobial agents in urinary tract infections, 165  
antituberculous agents; isoniazid, rifampin, streptomycin, ethambutol, and pyrazinamide, 233  
antiviral agents, 217  
cephalosporin antibiotics, 79  
foreword, 3  
laboratory tests used to guide antimicrobial therapy, 14  
metronidazole, 154  
penicillins, 21  
prophylactic use of antimicrobial agents, 241  
trimethoprim-sulfamethoxazole, 147  
vancomycin, 88  
Bacteria; symposium on antimicrobial agents: antibiotic therapy for severe infections in infants and children, 158  
antimicrobial agents in urinary tract infections, 165  
cephalosporin antibiotics, 79  
general principles of antimicrobial therapy, 6  
laboratory tests used to guide antimicrobial therapy, 14  
metronidazole, 154  
penicillins, 21  
prophylactic use of antimicrobial agents, 241  
trimethoprim-sulfamethoxazole, 147  
vancomycin, 88  
Bacteria; treatment of aortic graft infection with povidone-iodine irrigation, 472  
Bakris GL, 265  
Balloon angioplasty in multivessel coronary artery disease, 563  
editorial, 624  
Banks PM, 365  
Barham SS, 290  
Barotrauma: high-frequency ventilation; new concept in mechanical ventilation, 187  
Beard CM, 802  
Beart RW Jr, 361  
Bernatz PE, 176  
Biochemical genetics of catecholamines in humans, 319  
Biopsy: clear cell carcinoma of thymus, 365  
Bleeding: upper gastrointestinal hemorrhage, 371  
Blocking agent with intrinsic sympathomimetic activity in management of mild and moderate hypertension, pindolol—new  $\beta$ -adrenergic, 315  
Blood: glycosylated hemoglobin measurement by affinity chromatography, 770  
immunologic, clinical, and pathologic aspects of human graft-versus-host disease, 603  
management of hemophilia A and B during surgical correction of transposition of great arteries, 182  
oral glucose tolerance test compared with mixed meal in diagnosis of reactive hypoglycemia; caveat on stimulation, 491  
prevention of Rh<sub>o</sub> hemolytic disease of newborn;

of hypertension and its treatment on survival of patients with coronary artery disease, 249

Artery revascularization, septal, 747  
Arthroscopy of shoulder, 501  
Atrial synchronous pacing, reentrant tachycardia associated with; report of case with intact ventriculoatrial conduction, 620  
Atrioventricular conduction system, catheter ablation of, in patients with supraventricular tachycardia, 791  
Atrioventricular junction: interventional electrophysiology; editorial, 832

oral glucose tolerance test compared with mixed meal in diagnosis of reactive hypoglycemia; caveat on stimulation, 491  
prevention of Rh<sub>o</sub> hemolytic disease of newborn;

rosette method—rapid, sensitive screening test, 342

T-cell lymphocytic leukemia with morphologic and immunologic characteristics of cytotoxic/suppressor phenotype, 709

transferrin assay and total iron-binding capacity, 827

Blood flow: evaluation of skin vasoconstrictor reflexes by using laser Doppler velocimetry, 583

Blood glucose control, effect of, on peripheral nerve function in diabetic patients, 283

Blood pressure: coronary heart disease in residents of Rochester, Minnesota, 1950-1975. III. Effect of hypertension and its treatment on survival of patients with coronary artery disease, 249

Blood tests: test for pernicious anemia; "Schilling test," 541

Bones: arthroscopy of shoulder, 501

osteosarcoma of extragnathic craniomaxillary, 268

Bone tumors, malignant, associated with neurofibromatosis, 578

**BOOKS BY MAYO CLINIC AUTHORS:** Reviews  
 Krusen's Handbook of Physical Medicine and Rehabilitation, third edition, by Frederic J. Kotke, G. Keith Stillwell, and Justus F. Lehmann (reviewed by R. G. Stevens), 782  
 Laboratory Procedures in Clinical Microbiology, edited by John A. Washington II (reviewed by J. M. Matsen), 335  
 Modern Trends in Infertility and Conception Control, by Edward F. Wallach and Roger D. Kemper (reviewed by L. M. Talbert), 74  
 Bove AA, 563  
 Bowel syndrome, irritable; role of lactose deficiency, 339  
 Brain and spinal cord, thrombin binding to human, 829  
 Breast cancer; estrogen and progesterone receptor assays as guide to therapy, 64  
 Breckle R, 805  
 Brennan MD, 283  
 Bresnahan JF, 563  
 Broadbent JC, 452, 620  
 Bronchial cancer: neodymium-YAG laser therapy of malignant airway obstruction; preliminary report, 35  
 Bronchoalveolar injury: airway obstruction due to inhalation of ammonia, 389  
 Bronchoalveolar lavage, assessment by; interstitial lung disease, 751  
 Brown ML, 290  
 Bunch TW, 354  
 "Burning feet" as only manifestation of dominantly inherited sensory neuropathy, 426

**C**  
 Calcium: metabolism; predictive value of serum angiotensin-converting enzyme activity in differential diagnosis of hypercalcemia, 447  
 Calcium phosphate: pulmonary alveolar microlithiasis; review including ultrastructural and pulmonary function studies, 290  
 Cancer: breast; estrogen and progesterone receptor assays as guide to therapy, 64  
 malignant bone tumors associated with neurofibromatosis, 578  
 neodymium-YAG laser therapy of malignant airway obstruction; preliminary report, 35  
 oncologic treatment of pancreatic, 47  
 Carcinoma: of colon, postoperative follow-up of patients with, 361  
 of stomach, decline in; diagnostic artifact? 255  
 Cardiac disease: ictal tachycardia during temporal lobe seizures, 443  
 Cardiac pacing: interventional electrophysiology; editorial, 832  
 Cardiology: outcome of dual-chamber pacing for pacemaker syndrome, 452  
 Carney JA, 802  
 Carnitine metabolism and deficiency syndromes, 533  
 Carotid endarterectomy: editorial, 205  
 for unilateral carotid system transient cerebral ischemia, 171  
 Carpal tunnel syndrome: amyloidosis (AL); clinical and laboratory features in 229 cases, 665  
 Catecholamines, biochemical genetics of, in humans, 319  
 Catheter ablation of atrioventricular conduction system patients with supraventricular tachycardia, 791  
 Cellulitis: invasive disease caused by *Trichosporon beigelii*, 684  
 Cephalosporin antibiotics; symposium on antimicrobial agents, 79  
 Cerebrospinal fluid immunoglobulin profile and neurologic diseases, 273  
 Cerebrovascular disease, accuracy and limitations of intravenous digital subtraction angiography in evaluation of atherosclerotic; angiographic and surgical correlation, 735  
 Charboneau JW, 497, 648  
 Chauveau, J. B. A., E. J. Marey, and their resolution of apex beat controversy through intracardiac pressure recordings; historical vignette, 197  
 Chemonucleolysis—past and present; editorial, 207  
 Children, antibiotic therapy for severe infections in infants and; symposium on antimicrobial agents, 158  
 Chloramphenicol, tetracyclines, erythromycin, and clindamycin; symposium on antimicrobial agents, 52  
 Cholestatic jaundice: disopyramide-associated liver dysfunction, 265  
 Cholinergic crisis: mechanical ventilation for respiratory failure in myasthenia gravis; two-year experience with 22 patients, 597  
 Chromatography, glycylated hemoglobin measurement by affinity, 770  
 Chronically snoring child; acoustic annoyance or cause for concern? editorial, 399  
 Chronic: renal failure and porphyria cutanea tarda, 467  
 Chuang T-Y, 436  
 Circulation: upper gastrointestinal hemorrhage, 371  
 Clear cell carcinoma of thymus, 365  
 Clinical findings in patients with acoustic neurinoma, 721  
 Clinical, immunologic, and pathologic aspects of human graft-versus-host disease, 603  
 Clinical implications of variation in total venoarterial shunt fraction calculated by different methods during severe acute respiratory failure, 654  
 Clinical use of dexamethasone test for psychiatric disorders; need for sensitive method for measuring corticosteroids and cautious interpretation of results, 524
